INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Sonoran Institute

Report on the Financial Statements

We have audited the accompanying consolidated financial statements of Sonoran Institute (a nonprofit organization) which comprise the consolidated statement of financial position as of June 30, 2020, and the related consolidated statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Sonoran Institute as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

The prior year summarized information has been derived from the Organization's 2019 consolidated financial statements. Those consolidated financial statements were audited by other auditors whose report, dated January 24, 2020, expressed an unmodified opinion on those consolidated financial statements

LUDWIG KLEWER & RUDNER, PLLC

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the years ended June 30, 2020 and 2019

1. Organization

The Sonoran Institute ("Sonoran"), founded in 1990, is a nonprofit corporation that works with communities to achieve harmony between the built environment and the natural world. Sonoran works at the nexus of commerce, community, and conservation to help people build the communities they want to live in while preserving the values which brought them to the North American West. The lasting benefits of Sonoran's community stewardship work is a West where civil dialogue and collaboration are hallmarks of decision making, where people and wildlife live in harmony, and where clean water, air, and energy are assured. Primary sources of revenue are foundation grants, contracts, governmental funding, and donations.

Sonoran Institute Mexico, Asociacion Civil ("AC"), a controlled entity of Sonoran, acquired on January 1, 2018, is a Mexican nonprofit civil association that works with communities in the natural resources' management and recovery in Mexico, including wildlife and the cultural values of those lands.

2. Summary of Significant Accounting Policies

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Sonoran and AC (collectively, the "Institute"). Except where the context otherwise indicates or requires, all references to the "Institute" in these footnotes means the consolidated entity. All intercompany balances and transactions have been eliminated in consolidation.

Financial Statement Presentation and Contributions

The financial statements are prepared on the accrual basis of accounting. Net assets, revenues, gains and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

- Net assets without donor restrictions – net assets available for use in general operations and not subject to donor (or grantor) restrictions.
- Net assets with donor restrictions – net assets subject to donor (or grantor) restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from donor restrictions.

Cash and Cash Equivalents

The Institute considers cash and highly liquid investments with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents includes short-term certificates of deposit and money market accounts that are stated at market value, which approximates cost. The Institute deposits cash and cash equivalents with high credit quality institutions in the United States and Mexico. The Institute has not experienced any losses and does not believe it is exposed to any significant credit risk on cash balances. All such accounts are monitored by management to mitigate risk.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the years ended June 30, 2020 and 2019

2. Summary of Significant Accounting Policies, Continued

Cash and Cash Equivalents, continued

The Federal Deposit Insurance Corporation (FDIC) insures cash accounts at banks in the United States of America up to \$250,000 per institution. At June 30, 2020 and 2019, the Institute had \$783,011 and \$352,959, respectively, held in a financial institution, in the United States of America, above the FDIC insured limits.

The Institute for the Protection of Bank Savings (IPAB) insures cash accounts at banks in Mexico up to approximately \$125,000 per institution. At June 30, 2020 and 2019, the Institute had approximately \$481,358 and \$314,225, respectively, held in a financial institution, in Mexico, above the IPAB limits.

Grants and Contracts Receivables

The Institute's funding sources are primarily foundations and governmental agencies. Support arising from grants and contributions is recognized when the Institute has earned the revenue. The Institute utilizes the allowance method to account for uncollectible accounts. Grants and contracts receivable is presented net of an allowance for doubtful accounts of \$7,730 and \$10,805 at June 30, 2020 and 2019, respectively.

Unbilled Contracts Receivable

Unbilled contracts receivable represents the contract revenue recognized to date from expenses incurred by the Institute, but not yet invoiced due to contract terms or the timing of the accounting invoicing cycle.

Unconditional Promises to Give

Unconditional promises to give that are expected to be collected within one year are recorded as contributions receivable at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimate future cash flows. The Institute uses the allowance method to account for uncollectible unconditional promises to give. All unconditional promises to give deemed to be uncollectible are written off. As of June 30, 2020 and 2019, management considered all unconditional promises to give to be collectible; therefore, no allowance for uncollectible promises has been provided.

Beneficial Interest in Assets Held by Others

As of June 30, 2019 and through October 2019, the Institute's investments were held and managed by the Community Foundation for Southern Arizona ("CFSA") as agency designated funds for the Institute's endowment fund. Under the terms of the agency designated funds agreement, the Institute named itself as the beneficiary and all assets held by CFSA will be subject to the articles of incorporation and bylaws of CFSA, including the powers contained therein, as defined by the agreement. The CFSA Board may not use their variance power to remove the endowment restriction imposed on the Institute's agency designated funds.

Distributions from the agency designated funds were made available to the Institute at least annually in accordance with the then-current spending policy of CFSA. In the event that the annual distribution calculated by CFSA was greater than the amount allowed per the Institute's investment spending policy, the remaining amount was reinvested back into the endowment fund. The fair value of beneficial interest in assets held by others totaled \$-0- and \$1,536,222 as of June 30, 2020 and 2019, respectively. During October 2019, the assets were distributed from CFSA and deposited into an investment account managed by the Institute.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the years ended June 30, 2020 and 2019

2. Summary of Significant Accounting Policies, Continued

Beneficial Interest in Assets Held by Others, continued

CFSA, on behalf of the Institute, invests in professionally managed portfolios that contain equity and fixed income securities. Such investments are exposed to various risks such as market and credit. Due to the level of risk associated with such investments and the uncertainty related to changes in the value of such investments, it is at least reasonably possible that changes in risks in the near term would materially affect investment balances and the amounts reported in the accompanying consolidated financial statements.

The beneficial interest in assets held by others is considered to be impaired when a decline in fair value is judged to be other-than-temporary. The Institute employs a systematic methodology on an annual basis that considers available quantitative and qualitative evidence in evaluating potential impairment. If the cost of the agency designated fund exceeds its fair value, management evaluates, among other factors, general market conditions, the duration and extent to which the fair value is less than cost, and the intent and ability to hold the underlying investment. The Institute also considers specific adverse conditions related to the financial health of and business outlook for the investee, including industry and sector performance, changes in technology, operational and financing cash flow factors, and rating agency actions. Once a decline in fair value is determined to be other-than-temporary, an impairment charge is recorded and a new cost basis is established.

Investments

Investments in marketable securities with readily determinable fair values and all investments in debt securities are stated at their fair values in the statements of financial position. Unrealized gains and losses are included in the change in net assets in the accompanying statements of activities.

The Securities Investor Protection Corporation (SIPC) protects investments up to \$500,000 per institution. However, SIPC does not protect against losses in market value. At June 30, 2020, the Institute had \$1,024,360 on deposit in excess of SIPC limitations. It is the opinion of management that the solvency of the referenced brokerage institutions is not of concern at this time.

Property and Equipment

Purchased property and equipment is recorded at cost, and donated property and equipment is recorded at estimated fair market value on the date of the donation. The Institute's policy is to capitalize expenditures for or donations of property and equipment that exceed \$5,000 and have a useful life beyond one year. Depreciation is calculated using the straight-line method over the estimated useful life of each asset class ranging from three to seven years.

When items are retired or disposed of, the cost and accumulated depreciation are removed from the accounts and any gain or loss is included in the consolidated statement of activities and changes in net assets. Repairs and maintenance for normal upkeep are charged to expense as incurred.

The Institute periodically reviews the carrying value of long-lived assets held and used, and assets to be disposed of, for possible impairment when events and circumstances warrant such a review. Through June 30, 2020, the Institute had not experienced impairment losses on its long-lived assets.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

2. Summary of Significant Accounting Policies, Continued

Revenue Recognition

The Institute accounts for its government funded grant and contract revenues as exchange transactions. Revenue under cost-reimbursement grants and contracts are recognized when costs are incurred or agreed-upon work is performed in accordance with the applicable agreements. Foundation grants are accounted for as either exchange transactions or as contributions depending on the nature of the grant. A receivable is recorded to the extent revenue recognized exceeds payment received; conversely, advances in excess of costs incurred or work performed under government funded grants and contracts are deferred and recognized as revenue when the related cost is incurred. Contribution revenue is recorded upon the Institute receiving notification of an unconditional promise to give.

Donated Goods, Facilities and Services

Donated goods and facilities are recognized as contributions at fair value. Such donations are reported as unrestricted support unless the donor has restricted the donated assets to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Institute reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Institute reclassifies net assets with donor restrictions to net assets without donor restriction at that time.

Donated services are recognized as contributions at fair value when the services are received and (a) create or enhance non-financial assets, or (b) required specialized skills, are provided by individuals possessing those skills, and (c) would typically need to be purchased if not provided by donation. Although the Institute may utilize the service of outside volunteers, the fair value of these services is not recognized in the accompanying consolidated financial statements since they do not meet the criteria for recognition under accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Tax-Exempt Status

The Institute is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) and from Arizona income tax under Arizona Revised Statute Section 43-1201(4). Therefore, no provision has been made for income taxes in the accompanying financial statements. The Institute is not classified as a private foundation under Section 509(a)(1) of the IRC. The Institute also qualifies for the charitable contribution deduction under IRC Section 170(b)(1)(a).

The Institute's policy is to disclose or recognize income tax positions based on management's estimate of whether it is reasonably possible or probable, respectively, that a liability has been incurred for unrecognized income tax positions. As of June 30, 2020, there were no uncertain tax positions that are potentially material. In addition, management is not aware of any matters which would cause the Institute to lose its tax-exempt status.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS For the years ended June 30, 2020 and 2019

2. Summary of Significant Accounting Policies, Continued

Endowment Funds

The Institute's endowment corpus is comprised of donor-designated endowment funds. The Institute has interpreted the "Management of Charitable Funds Act" (Arizona's version of the Uniform Prudent Management of Institutional Funds Act or "UPMIFA"), which underlies the Institute's net asset classification of donor-restricted endowment funds, as requiring the preservation of the fair value of the original gift. As a result of this interpretation, the Institute classifies net assets with donor restriction (1) the original value of gifts donated to the endowment, (2) the original value of subsequent gifts to the endowment, and (3) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund is classified as net assets with donor restrictions until those amounts are appropriated for expenditure by the Institute in a manner consistent with the standard of prudence prescribed by the law, at which time those amounts will be reported as net assets without donor restrictions.

Endowment assets include those assets of donor-restricted funds that the Institute must hold in perpetuity or for donor-specified periods. To satisfy its long-term objectives, the Institute relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends) while assuming a moderate level of investment risk. During the year ended June 30, 2019, and through October 2019, the Institute was subject to CFSA's investment policies for endowment assets, as those assets were classified as beneficial interest in funds held by CFSA. During October 2019, those assets were distributed to and investment account owned by the Institute, and the funds are subject to the Institutes investment policies for endowment assets.

The Institute expects its endowment funds, over time, to provide an average rate of return that exceeds inflation. Actual returns in any given year may vary from that amount. The Institute's spending policy for its endowment assets attempts to provide a predictable stream of funding by appropriating for distribution each 4% of its endowment value; however, as discussed in Note 10, the Institute's appropriation for distribution is currently restricted until matching funds for the original donor gift are raised.

The Institute has a policy that permits spending from underwater endowment funds depending on the degree to which the fund is underwater, unless precluded by donor intent or relevant laws and regulations. There were no underwater endowment funds during the year. From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or current law requires the Institute to retain for a fund of perpetual duration. In accordance with U.S. GAAP, deficiencies of the nature are reported in net assets with donor restrictions. There were no such deficiencies as of June 30, 2020 and 2019.

Functional Expenses

The Institute allocates its expense on a functional basis among its programs and support services. Expenses that can be identified with a specific program or support service are allocated directly according to their natural classification. Certain other expenses are allocated among program services and supporting services benefited. These other expenses include rent, information technology, telephone, and internet, and they are allocated based on payroll expenses.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

2. Summary of Significant Accounting Policies, Continued

Reclassifications

Certain amounts in the 2019 consolidated financial statements have been reclassified to conform to the 2020 presentation.

3. Change in Accounting Principle

In June 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958), Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The ASU clarifies and improves guidance for contributions received and contributions made and provides guidance to organizations on how to account for certain exchange transactions. This change clarifies whether to account for transactions as contributions or as exchange transactions. In addition, it clarifies whether a contribution is conditional. As a result, it enhances comparability of financial information among non-for-profit entities.

The change in accounting principle was adopted on a modified prospective basis during the year ended June 30, 2020. As a result, there was no cumulative effect adjustment to opening net assets, with or without donor restrictions, as of July 1, 2019. In addition, there was no impact of adopting this new accounting principle to the financial statements as of and for the year ended June 30, 2020.

4. Liquidity and Availability of Resources

Financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are comprised of:

	2020	2019
Cash and cash equivalents	\$ 2,022,047	\$ 1,137,910
Accounts receivable	1,000	56,536
Grants and contracts receivable	15,494	117,651
Unbilled contracts receivable	43,901	34,853
Unconditional promises to give, current portion	36,341	38,100
Total financial assets available within one year	2,118,783	1,385,050
Less:		
Amounts unavailable for general expenditure within one year due to:		
Restricted by donor with purpose restrictions	279,083	297,671
Subject to appropriation	122,355	160,274
Amount of unavailable earnings related to the endowment match	251,662	246,037
Total financial assets available to management for general expenditure within one year	\$ 1,465,683	\$ 681,068

The Institute is substantially supported by current year contributions, foundation grants, government grants and contract income, which are somewhat predictable. As part of the Institute's fiscal management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

5. Unconditional Promises to Give

Unconditional promises to give are recorded at their estimated fair value. Amounts due in more than one year are recorded at the present value of the estimated future cash flows discounted at an adjusted risk-free rate applicable to the year in which the promises were received of 3%, for the years ended June 30, 2020 and 2019. Unconditional promises to give consist of the following at June 30,:

	2020	2019
Receivables (less than one year)	\$ 36,341	\$ 38,100
Receivables (one to five years)	95,020	85,100
	131,361	123,200
Less discount to net present value	(8,986)	(8,159)
Pledges receivable, net	\$ 122,375	\$ 115,041

6. Investments

Investments, consisting of mutual and exchange funds, are stated at fair value of \$1,524,360 at June 30, 2020. Investment income is comprised of the following for the year ended June 30, 2020:

Interest and dividends	\$ 20,986
Realized and unrealized gain, net	12,044
Investment management fees	(11,405)
	\$ 21,625

7. Fair Value Measurements

The Financial Accounting Standards Board has established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Institute has the ability to access.
- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

7. Fair Value Measurements, Continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2020 and 2019.

- *Mutual and exchange funds:* Valued at the net asset value ("NAV") of shares held by the Institute at year-end.
- *Beneficial interest in assets held by CFSA:* Valued at the fair value of the underlying equity and fixed income funds as reported by CFSA.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Institute believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Institute defines active markets for equity instruments based on the average daily trading volume both in absolute terms and relative to the market capitalization for the instrument. The institute defines active markets for debt instruments based on both the average daily trading volume and the number of days with trading activity.

The Institute's financial assets that are measured at fair value on a recurring basis consist of the following at June 30,:

	Investments at Fair Value as of June 30, 2020			
	Level 1	Level 2	Level 3	Total
Mutual and exchange funds	\$ 1,524,360	\$ -	\$ -	\$ 1,524,360

	Investments at Fair Value as of June 30, 2019			
	Level 1	Level 2	Level 3	Total
Beneficial interest in assets held by others	\$ -	\$ -	\$ 1,536,222	\$ 1,536,222

The table below sets forth a summary of changes in level 3 investments for the years ended June 30,:

	2020	2019
Balance, beginning of year	\$ 1,536,222	\$ 1,540,751
Contributions and transfers	-	-
Interest income reinvested	4,789	35,674
Investment fees	(4,450)	(17,726)
Realized/unrealized gain (loss)	15,711	8,841
Distributions	(1,552,272)	(31,318)
Balance, end of year	\$ -	\$ 1,536,222

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

8. Property and Equipment

Property and equipment consists of the following at June 30,:

	2020	2019
Office furniture and equipment	\$ 202,118	\$ 145,694
Vehicles	200,208	180,669
Software	99,907	99,907
Total property and equipment	502,233	426,270
Less accumulated depreciation	(407,160)	(375,352)
Property and equipment, net	<u>\$ 95,073</u>	<u>\$ 50,918</u>

9. Paycheck Protection Program Conditional Grant

On April 30, 2020, the Institute received a loan in the amount of \$259,501 from the Small Business Administration's Paycheck Protection Program ("Program"). Under the terms of the agreement, there are no payments due and interest does not accrue during the period from the loan date through the date the SBA determines the loan forgiveness amount. If the Institute does not apply for forgiveness, there are no payments due and interest will not accrue for a period of ten months. If applicable, interest will accrue at the rate of 1%. The Institute may apply for forgiveness of the total loan amount, by providing evidence that the loan proceeds were used to fund eligible costs, during either an eight or twenty four-week period, and that additional criteria for forgiveness have been met. Any amount not forgiven will be payable, in full and including interest, on April 30, 2022; however, the Institute may negotiate with the lender to extend the maturity date to April 30, 2025.

The Institute is accounting for the proceeds as a conditional contribution under FASB ASC 958-605 *Not-for-Profit Entities – Revenue Recognition*. Under this guidance, the loan forgiveness is recognized as contribution revenue as the conditions of forgiveness are substantially met. As of June 30, 2020, the Institute has expended 100% of the proceeds for eligible expenses during the period from the date the proceeds were disbursed through June 30, 2020. The Institute has also evaluated additional forgiveness criteria under the Program, including FTE and wage reduction requirements and exceptions, and management believes that there may be a reduction in the amount of the loan forgiven as a result. Therefore, the Institute has recognized grant revenue in the amount of \$232,011 for the year ended June 30, 2020. The balance of \$27,490 is recorded as a conditional grant payable as of June 30, 2020.

10. Net Assets With Donor Restrictions

Net assets with donor restrictions is comprised of the following at June 30,:

	2020	2019
Subject to expenditure for specified purpose:		
Water Ecosystem Restoration	\$ 238,658	\$ 238,395
Santa Cruz	2,359	17,401

The original contribution to the endowment fund was a single endowment gift of \$850,000, received on December 5, 2010, with a donor stipulation that the Institute raise a one-to-one match of \$850,000.

See independent auditor's report.

SONORAN INSTITUTE

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
For the years ended June 30, 2020 and 2019

11. Endowment Funds, Continued

For the two years following the date of the endowment gift, the Institute may use the investment earnings from the endowment gift for general institutional support. If after the two-year period, the Institute has not raised the required match, then earnings will be held in the endowment and not available for distribution to the Institute; except that the earnings from the percentage of the endowment for which the Institute has raised matching funds is eligible for distribution, while earnings from the balance of the endowment will be held until the Institute raises the additional matching funds. The initial two-year period following the original endowment gift ended on December 5, 2012. As of June 30, 2020 and 2019, the Institute had raised approximately \$637,473 and \$402,639 toward the matching requirement.

12. Related Party Transactions

The Institute received \$183,635 and \$198,487 in contributions from board members and other related parties during 2020 and 2019, respectively. Total future amounts due from related parties totaled \$128,341 and \$121,700 as of June 30, 2020 and 2019, respectively, which are included in unconditional promises to give in the accompanying consolidated statements of financial position.

13. Operating Leases

The Institute lease office space in Arizona and Mexico. The leases have various terms, monthly payment amounts, and expiration dates. For certain leases, the Institute is responsible for certain occupancy costs including electricity and janitorial services as well as a proportionate share of the property's common costs. The Institute also leases office equipment. The future minimum annual lease payments due under the leases are:

<u>Year ending June 30,:</u>	
2021	\$ 135,937
2022	56,760
2023	<u>43,966</u>
Total future minimum lease payments	<u>\$ 236,663</u>

Rent expense, including all leases, for the years ended June 30, 2020 and 2019 totaled \$147,878 and \$133,181, respectively.

14. Retirement Plan

Effective January 1, 2016, the Institute adopted a 401(k) Plan ("Plan") for employees in the United States (U.S.). Each U.S. employee who has attained at least 21 years of age and one month of service is eligible to participate in the Plan. U.S. employees are also eligible for safe-harbor matching contributions after 12 months of service, or earlier, at the discretion of the employer. Eligible employees may contribute, through payroll deductions, a portion of their base compensation not to exceed Internal Revenue Code limitations. The total retirement plan expense for the years ended June 30, 2020 and 2019 was \$38,741 and \$41,675, respectively.

15. Subsequent Events

The Institute was unaware of any subsequent events through March 3, 2021, the date the consolidated financial statements were available to be issued.

See independent auditor's report.
